

Indium/Bismuth Solder Wire (In66.3/Bi33.7) 0.031" diameter - 10 ft with 2cc of SMD291 flux

Product Highlights

Low Temperature Melts at 72°C (162°F)

Lead-Free

RoHS 3 compliant

REACH compliant

This eutectic alloy is excellent for low temperature soldering.

Specifications

Alloy:	In66.3/Bi33.7
Wire diameter:	0.031" (0.8mm)
Flux Core:	No flux core, solid solder wire
Melting Point:	72°C (162°F)
Packaging:	10ft spool, comes with 2cc of SMD291 flux
Shelf Life:	>60 months

Recommended Accessory Flux

Recommended to use with Chip Quik® SMD291 flux.

Storage and Handling

Store in a non-corrosive, dry environment.
